TOURNAMENT RULES

LOCAL RULES

1. Relief for Embedded Ball

In the general area, a player may lift, without penalty, clean and drop the ball that is embedded in its own pitch-mark in the ground. The ball must be dropped as near as possible to where it lay but not nearer to the hole. The ball when dropped must first strike a part of the course in the general area. The pitch-mark may only be repaired after the player has played his ball.

Exception: a player may not take relief under this Local Rule if interference by anything other than the condition covered by this Local Rule makes the stroke clearly impracticable.

*Penalty for Relief of Embedded Ball in breach of local rule:
Match play – Loss of hole: Stroke play – Two strokes.*

2. Winter Rules (Preferred Lies)

Winter rules will only be in effect when declared by the Tournament Director or by the Director of Golf.

When a player's ball lies in a part of the general area cut to fairway height or less the player may take free relief once by placing the original ball or another ball and playing it from this relief area:

Reference Point: Spot of the original ball.

Size of Relief Area Measured from Reference Point: 6 inches of and not nearer the hole where it originally lay, that is not in a penalty area or on the putting surface.

In proceeding under this Local Rule, the player must choose a spot to place the ball and use the procedures for lifting, cleaning and replacing a ball under Rules 14.1 (marking, lifting and cleaning ball) and 14..2 (replacing ball).

Penalty for Playing Ball from a Wrong Place in Breach of Local Rule: General Penalty Under Rule 14.7a.

3. Hole #6 – Ball not found.

During the wet season from November through April or as determined by the Tournament Director or Director of Golf, the entire landing area in the general area, cut to fairway height or less, shall be considered Abnormal Course Condition (Ground Under Repair) for balls stuck from the teeing ground. If the player's ball has not been found, and it is known and virtually certain that the ball came to rest in an abnormal course condition, the player may use this relief option instead of taking stroke-and-distance relief:

The player may take relief under Rule 16.1e using the estimated point where the ball last crossed the edge of the abnormal course condition or the estimated point where the ball embedded as the spot of the ball for purposes of finding the nearest point of complete relief.

Once the player puts another ball in play to take relief in this way, the original ball is no longer in play and must not be played, even if it is found before the end of the three minute search time.

Penalty for Playing Ball from a Wrong Place in Breach of Local Rule: Match play – Loss of hole / Stroke play – Two strokes Under Rule 14.7.

4. French drains

Relief without penalty may be taken from French drains

The following drainage ditches with rock lining shall be considered French drains: Hole #3 – ditch along the left boundary of the course from near the gold teeing area to the top of the hill near the wooden steps. Hole #6 – the rock lined drain at the base of the dam. Hole #14 – ditch along the left boundary of the course (left of the red teeing area to the creek). Hole #18 – left side of the course from the penalty area (drainage ditch in front of the red teeing area) to the dog leg.

The player may take free relief by dropping the original ball or another ball in this relief area (see Rule 14.3):

Reference Point: The nearest point of complete relief in the general area.

Size of Relief Area: 1 club length from reference point

Limits on Location of Relief Area:

Must be in the general area.

Must not be nearer the hole.

Must take complete relief from all interference by the French drain.
